

Product Information

ITS (100x), Insulin, Transferrin, Selenium
Cat. No. ITS-H (10 ml)

General Information

ITS (Insulin, Transferrin, Selenium) is a chemically defined supplement for a variety of cell culture applications. ITS supplement contains components which are required for optimal performance of serum-free media. Supplementation of ITS to different conventional nutrient media substantially reduces the FBS requirement for routine maintenance of many cell lines. ITS is provided as a 100x concentrate.

Applications:

- Serum-free cultivation
- Reduction of FBS requirements
- Cultivation of e.g. CHO, Hybridoma, MDCK and Vero cells
- Supplement in murine embryonic stem cell culture

Product Specifications

| | |
|------------------------|---|
| Appearance | Clear solution |
| Storage and shelf life | Store at +2°C to +8°C protected from light. Once opened, store at 4° C and use within 2-4 weeks. |
| Shipping conditions | Ambient |
| Working Concentrations | Recommended final concentration: 10 ml/L |

For lot specific data (Certificate of Analysis) please refer to our website: www.capricorn-scientific.com/products/

Formulation*

| Components | Concentration mg/L |
|---------------------------|--------------------|
| Human Recombinant Insulin | 1000.00 |
| Human Transferrin (holo) | 550.00 |
| Sodium Selenite | 0.68 |

* ITS supplement is prepared in EBSS without Phenol Red.
